

The ASD logo is rendered in a bold, dark green, sans-serif font. The letters are thick and closely spaced, with a slight shadow effect that makes them stand out against the background. The background is a soft-focus photograph of an orchard with a tree trunk on the left and a basket of apples in the foreground.

ASD

CIDER 2018

WELCOME TO THE ASD 2018 CIDER BROCHURE

Welcome to our 2018 Cider Brochure. Here you will find over 140 bib ciders plus a range of 5 litre ciders available either from stock or to order. New to ASD are Saxby's, Garden Cider, Cornish Orchards and Sandford Orchards to name a few. Snailsbank have added some great new seasonal flavours to their ranges. There are also new flavours from Lilley's and Orchard Pig.

At the rear of the brochure we have listed a range of keg ciders which include Lilley's Mango, Magners Dark Fruits and a selection from Celtic Marches. A more comprehensive list of bottled ciders have also been added into this years brochure.

WESTONS

Based in the Herefordshire village of Much Marcle, we have a long family history of premium cider-making with our roots going back to 1880. Five Weston generations have worked with like-minded colleagues in the pursuit of their passion: creating authentic ciders that people will love. From one generation to the next, we have always lived gently with the land. Using methods that nurture the environment and encourage the local flora and fauna to thrive in our orchards. 'Sensitive and steadfast' reflects our year-round regime.

SAXBY'S

Saxby's ethos is to produce high quality authentic cider using fruit from English trees, embracing both traditional and modern techniques, for a flavour that can be enjoyed by everyone. Cider doesn't have to be a large production line drink. Neither does it have to be bland or too niche for the masses.

CELTIC MARCHES

Celtic Marches produce quality Herefordshire craft cider on our farm in Bishops Frome. We are committed to producing artisan products with the care and compassion of a small local cider maker. However, we have the capacity to produce for national and international distribution. We have been awarded PGI – Protected Geographical Indicator - which authenticates our ciders are genuine Herefordshire ciders made from Herefordshire cider apples.

GARDEN CIDER

The Garden Cider Company was created in 2010 by Ben and Will Filby. The idea is simple, we make a range of hand crafted premium ciders sourced entirely from local, donated garden apples. Each year we have over 4000 local households who bring us their spare garden fruit and in return receive a share of the cider made back for free!

Apple, Plum and Ginger, Medium

MAGPIE

Hand picked apples of lots of variety are collected from small garden orchards, individual trees and friendly farmers hedges throughout Nottinghamshire. We then ferment the lovely apple juice, age it for a while and eventually blend to create a variety of lovely styles and flavours we hope you will enjoy.

Apples and Cherries, Medium Sweet

£48.70

WORLEY'S

Worley's Cider had a humble start, when cider maker Neil Worley started experimenting with apple varieties and blends. The attention to selecting the right fruit has always been important at Worley's. We don't add flavourings to our ciders, yet each cider we make has distinct characteristics, determined by the apple blends we use.

GWYNT Y DDRAIG

Welsh farmhouse cider – shaped by the elements and made traditionally using freshly pressed fruit. In the autumn of 2001 we made our first few barrels of cider on the home farm here in Llantwit Fardre, South Wales. Placing flavour and quality at the core, our range is still traditionally made here on the farm using carefully selected ingredients, simple recipes and striking blends.

STANS

Growing the highest quality apples is of vital importance to us – the best cider starts in the orchard. Our ciders are born of their surroundings. Myrtle Farm is as important to our cider as the apples themselves. Nestled at the foot of the Mendip Hills, the Thatchers orchards are our pride and joy. Over 25 varieties of apples are grown for our ciders. Each has its own role to play when it comes to flavour and aroma. Such as Tremlett's for its tannins, Redstreak for its peppery notes, or Dabinett for its long, lasting flavour.

BLACK RAT

The decision to develop Black Rat Cider came after looking at the popularity of other ciders available on the market and deciding we could do it better! Such as: Dabinett, Tremlett's Bitter, Yarlinton Mill, Ashton Bitter, Somerset Red Streak and Brown Snout. The cider is unpasteurised to maintain the original flavour, giving Black Rat its fresh apple aroma, smooth taste, crisp clean finish and bright, lightly sparkling appearance.

SANDFORD ORCHARDS

Ground in vivid, red soil; crisscrossed by ancient orchards and bound by its own microclimate, Sandford was created to produce cider. Our lush green corner of Devon is the finest place on earth to grow cider apples. That's why we insist that every single apple we use is grown within a 30 mile radius of our press. True to our Roots. We only ever make cider from naturally fermented, freshly pressed juice. No concentrates, no artificial flavours or aromas.

SCRUMPY WASP

Artisan ciders produced at our family run cider mill keeping many local Victorian orchards alive. Local dessert fruit with low tannins produce our light sharp ciders. While further afield bittersweet apples produce a more rounded tittle, which bestows a more traditional flavour with golden colours.

BROADOAK

Broadoak Cider was established in 1984 and is a family run business from start to finish. Brain and Steve Brunt have a true passion for producing multiple award winning ciders all from their premises in Somerset. Our range of ciders are made using unique recipes from apples and pears sourced in Somerset and Herefordshire.

SNAILSBANK

Snails Bank Cider is made in the heart of apple growing country... Herefordshire. We select the best fruit that the locality has to offer and use our years of experience to craft ciders that are traditional, yet suit the modern palate. We don't believe in chemicals or additives, we work with nature, not against it and we think you'll agree, the results speak for themselves.
